YOUR FINANCIAL AID AWARD

See "Financial Aid" in [myInfo](#)

Awards are by YEAR, divided by 2 for Fall/Spring semesters. Awards vary. FAFSA estimates may be different from your award. Accept your award. You may decline loans or accept a portion. Borrow only what you need to cover educational expenses. You may request remaining financial aid later if you need it.

What is a financial aid "refund"?

Financial Aid is first applied to your direct costs (bill from MSUB). Any money left over is sent to you as a financial aid "refund" to be used for books and other educational expenses. "Refund" money from student and parent loans is debt and must be repaid.

**Estimated numbers based on estimated costs; may not be an accurate representation of student's total out-of-pocket expense.
