

6th Annual "STIRRING THE POT" Forum By and About Women

"Sex Scandals: Gender Bias in American Health Care"

Thursday, March 25, 2010

7:00-9:00pm

Lewis and Clark Room in the Student Union Building
Montana State University Billings

Inspired by the ongoing debate over the sick health care system in the United States, this forum will focus on aspects of health care that are of special concern to women, including historic patriarchal blunders, reproductive rights, health care on reservations, and the medicalization of child birth.
