

## Peer Evaluation Framework

Following the pre-meeting and course observation, evaluators should fill in the framework to prepare for any follow-up meetings with the instructor and the peer evaluation letter. For each course dimension, insert the chosen key questions from the guide/pre-meeting log. Under “Evidence”, include any course materials and details from the pre-meeting and class observation that help answer the key questions. Under the “Strengths” and “Recommendations” columns, include notes for what is working well and any recommendations for the instructor.

<b>Course Dimensions</b>	<b>Evidence</b>	<b>Strengths</b>	<b>Recommendations</b>
<b>Goals, Content, and Alignment</b> Key Questions:			
<b>Teaching Practices</b> Key Questions:			
<b>Class Climate</b> Key Questions:			
<b>Assessment of Learning</b> Key Questions:
