Documentation:

A single, national data source of individuals who died in the line of duty while serving as a public safety officer does not exist. While the Education Department does not specify all of the acceptable documentation that may be used to determine eligibility for this scholarship, here are some documents that schools may consider:

- A determination letter acknowledging eligibility for certain federal benefits under the Public Safety Officers Benefit (PSOB) program administered by the Department of Justice;
- A written letter of determination made by a state or local government official with supervisory or other relevant oversight authority of an individual who died in the line of duty while serving as a public safety officer as defined below;
- Documentation of the student qualifying for a state tuition or other state benefit accorded to the children or other family members of a public safety officer consistent with the definition in 42 U.S.C. 3796b, or as a fire police officer; or
- Other documentation from a credible source that describes or reports the circumstances of the death and the occupation of the parent or guardian.
