14:1 student to faculty ratio

89% of seniors are engaged in internships, research, service learning, study abroad

62% of first-year students participate in service-learning projects

One of the **most affordable universities** in Montana

Professors will know you **by name**

86%

of professors hold the highest degree in their field

Credits transfer seamlessly between all public Montana institutions

Be Bold

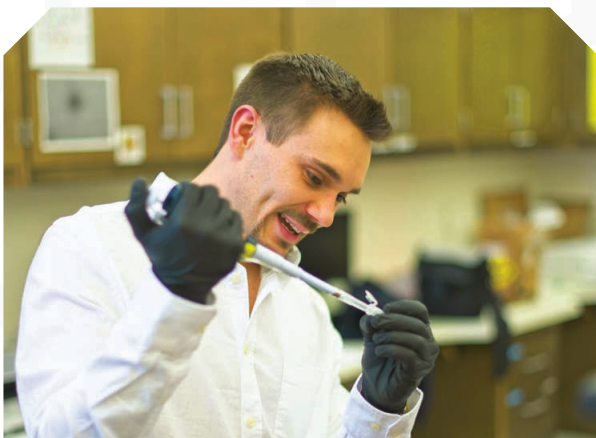

You'll have opportunities to:

- Intern at local Fortune 500 companies
- Student teach in the largest school district in Montana
- Conduct real-world, award-winning marketing research
- Intern at the Yellowstone Art Museum
- Complete clinicals in Billings' extensive health care network
- Get real-world experience at local brokerage firms
- Study music alongside renowned musicians
- Study around the world
- Showcase your art in MSUB's two art galleries
- Be part of cutting-edge research

After moving to campus, I discovered all the opportunities international students have to keep growing. Montana is an excellent place to study, work, and feel like another member of the community. This is a one-of-a-kind experience.

Flor De Maria Vega Castillo

MSUB is a great place to study and the people in Billings are so friendly. I am glad after all the research I did, that I made the decision to come to Billings. Additionally, the teachers and professors at MSUB are willing to help students succeed.

Dhanapalan "Ocean" Naidu
Major: *Biology*
Hometown: *Haryana, India*

My Billings Friendship Family is my second family out of my home country. When I get homesick, they invite me to their house and we enjoy our time together. In our finals week, they video chat with me or send me a video of themselves to help me relax and feel comfortable during my exams.

Bossan Abdyeva
 Major: Political Science
 Hometown: Sakar Chage, Turkmenistan

Build...

I'm very excited about the new greenhouse! Having more space and organization will be very beneficial to future botanists and they'll have space to conduct their research.

Kandiss Dowdell
Major: Biology
Hometown: Roberts, MT

Students will start their career in a state-of-the-art building specifically designed for them.

Dr. Kurt Toenjes
Dean of the
College of Health
Professions
and Science

One of the greatest things about MSUB is the passion of the professors, who work incredibly hard to ensure they're training competent science and health professionals. That's why the new Yellowstone Science & Health building is so important. The professors will have dedicated labs and spaces to take education and research to new heights, while continuing to develop competitive and skilled scientists and health professionals. Additionally, the open labs and classroom concept, combined with the new student study spaces will attract anyone to come and share their love for the health and sciences. This is a game-changer for MSUB and the region.

Kelton Houston
Major: Chemistry & Biology
Hometown: Billings, MT

Be a Yellowjacket

MSUB is the only **NCAA Division II school in Montana**

278

Student Athletes

- 96** from Montana

MSUB SCHOLARSHIPS FOR INTERNATIONAL STUDENTS INCLUDE:

- Yellowstone Scholarship: \$1,000/semester (2.75+ GPA, application required)
- Global Leadership Scholarship: Up to \$2,300/year (3.0+GPA, application required)
- General MSUB Scholarships: More than \$1.8 million awarded annually in scholarships

I feel good that I can pay most of my tuition and fees through scholarships. My family and I are so happy that I chose MSUB for my education since they are obliging and gracious. Thank you, MSUB!

Krishnabahen Patel
Major: Business Administration - Accounting
Hometown: Gujarat, India

SCHOLARSHIPS

One application, limitless scholarships

MSU Billings awards over \$1.8 million in scholarships annually.

81% of full-time, first-time freshmen students are awarded some type of financial aid

Apply for scholarships at

[msubillings.edu/
internationalstudies/
scholarships.htm](https://msubillings.edu/internationalstudies/scholarships.htm)

I got an \$8,000 scholarship yearly, and I appreciate the MSUB community for their help. They are so generous and this scholarship allows me to pay more attention to my studies instead of working while here.

Vikash Kumar
Major: Business Administration
Hometown: Bihar, India
