

UNDERGRADUATE CURRICULUM COMMITTEE MINUTES

Date: November 15, 2017

Present:	Ambrin Masood	Alex Shafer
	Carl Castles	Joseph Bryan
	Brian Gurney	Ying Wang
	Alan Christensen	Natalie Bohlmann
	Heather Thompson-Bahm	Jessica Baker (Registrar representative)

Absent:	Jennifer Scroggins*	Nick Doulas*
----------------	---------------------	--------------

**excused*

Guests:	Clinton Culp	Jodi Lightner
	Mark Jacobson	Kelly McCoy
	Tom Dell	Keith Edgerton
	Sarah Friedman	Cori Hart

Carl Castles called the meeting to order at 4:00 p.m. in the Chancellor's Conference Room.

The minutes of November 1 were accepted as presented.

I. ITEMS – FIRST READING

Item 14 M 105 Contemporary Mathematics. Change prerequisite and course description.

- Motion by Brian Gurney, seconded by Ying Wang to **approve Item 14 on first reading.**

Mark Jacobson, Chair of Mathematics, stated that they agree to change the prerequisite to "Appropriate placement score."

- Motion carried.

- Motion by Brian Gurney, seconded by Ying Wang to **waive second reading of Item 14.**

- Motion carried.

The Committee agreed Item 14 will go to the Senate as a consent item.

Item 16 BA Major in Art. Modification to an existing program.

Item 16.a BFA Major in Art. Modification to an existing program.

Item 16.b BA Major in Art Education: K-12. Modification to an existing program.

- Item 16.c** ARTH 435 Art of the United States. Delete course.
- Item 16.d** ARTZ 273 Printmaking I-Lithography. Delete course.
- Item 16.e** ARTZ 105 Visual Language-Drawing. Change course description.
- Item 16.f** ARTZ 221 Painting I. Change course description.
- Item 16.g** ARTZ 311 Drawing II. Change course description.
- Item 16.h** ARTZ 321 Painting II. Change course description.
- Item 16.i** ARTZ 409 Advanced Professional Practices. Change course description.
- Item 16.j** ARTZ 410 Advanced Research-Drawing. Change course description.
- Item 16.k** ARTZ 420 Advanced Research-Painting. Change course description.

- Motion by Brian Gurney, seconded by Joseph Bryan to **approve Items 16 through 16.k on first reading.**

It was noted that several programs besides History now use HSTA 200 Historian as Detective as an option for a writing course, including the above Art programs. The course description of HSTA 200 says it is designed for History majors. Keith Edgerton, Chair of History, noted that they should probably update the course description.

- Motion carried.

- Motion by Joseph Bryan, seconded by Ying Wang to **waive second reading of Items 16 through 16.k.**

- Motion carried.

The Committee agreed Items 16 through 16.k will go to the Senate as action items.

Item 28 BS Major in Outdoor Adventure Leadership. Modification to an existing program, includes adding a 2+2 “track” for Fire Science students.

- Motion by Brian Gurney, seconded by Ying Wang to **approve Item 28 on first reading.**

Clinton Culp, Health & Human Performance, noted that the Fire Science folks are fully on board with this idea. The students coming out of Fire Science will be able to step right into the Outdoor Adventure Leadership program.

It was noted that the Fire Science-Business 2+2 program was just deleted. How is this different? Kelly McCoy, Fire Science Program, noted that about 100 firefighters die every year, but the firefighters in high risk teams have a much lower rate of death, because of their additional training. The additional training firefighters need is directly in line with the Outdoor Adventure Leadership program. Graduates will have expanded safety skills and expanded employability. Interest in this area among Fire Science students is good, and Mr. McCoy can steer students into the bachelor program.

- Motion carried.

- Motion by Brian Gurney, seconded by Joseph Bryan to **waive second reading of Item 28.**

- Motion carried.

The Committee agreed Item 28 will go to the Senate as an action item.

Item 15 Teaching Minor in Earth Science. Modification to an existing program.

- Motion by Brian Gurney, seconded by Ying Wang to **approve Item 15 on first reading.**

Sarah Friedman noted that GPHY 111 & 112 are no longer being offered, so they are removed from the program. Instead, they are adding EARTH 303 Weather and Climate, as well as a choice between GEO 309 Sedimentation and Stratigraphy and a GEO 491 titled Topics in Igneous/Metamorphic Petrology. It was noted that adding a 491 course to a program can be problematic, since any course with the GEO 491 number would count in Banner. It became clear there was miscommunication regarding new courses. Dr. Friedman agreed to take out the 491 from the program at this time and will add it for the next catalog as a new course.

- Motion carried.

- Motion by Brian Gurney, seconded by Joseph Bryan to **waive second reading of Item 15.**

- Motion carried.

The Committee agreed Item 15 will go to the Senate as an action item.

Item 29 EDU 497B Methods: 5-12 Mathematics. Change title to Methods: 9-12 Mathematics and change credits from 2 to 3.

- Motion by Brian Gurney, seconded by Ying Wang to **approve Item 29 on first reading.**

Cori Hart, Educational Theory & Practice, noted that high school math teachers do need that additional credit. It was noted that the course description should not say “middle school,” so it was corrected.

It was noted that the teaching major and minor are affected by this. Program modifications are on the way.

- Motion carried.

- Motion by Brian Gurney, seconded by Joseph Bryan to **waive second reading of Item 29.**

- Motion carried.

The Committee agreed that this item should be grouped with the paperwork for the major and minor, which will come later.

Item 21 HSTR 440 Topics in Southern Asia since 1750. Change title to Topics in Asian History and change course description.

- Motion by Brian Gurney, seconded by Ying Wang to **approve Item 21 on first reading.**

Dr. Egerton noted that the faculty member who taught this course has retired and another faculty member now teaches it, requiring an update. The course description was shortened slightly and the effective date was changed to Fall 2018.

- Motion carried.

- Motion by Joseph Bryan, seconded by Alex Shafer to **waive second reading of Item 21.**

- Motion carried.

The Committee agreed Item 21 will go to the Senate as a consent item.

Item 30 HADM 355 Rural/Frontier Health Care Delivery. Delete course.

Item 30.a HADM 360 Long-Term Care Management. Delete course.

Item 30.b HADM 452 Case Management. Delete course.

- Motion by Brian Gurney, seconded by Ying Wang to **approve Items 30 through 30.b on first reading.**

These courses have not been offered in years and are being deleted. It was noted that HADM 452 is still listed as a restricted elective in the Health Administration program, but Tom Dell, Chair of the CAHP Curriculum Committee, said the program change is on the way.

- Motion carried.

- Motion by Alan Christensen, seconded by Brian Gurney to **waive second reading of Items 30 through 30.b.**

- Motion carried.

Item 31 BS Major in Human Services. Modification to an existing program.

Item 31.a HS 335 Introduction to Counseling. Remove prerequisites.

Item 31.b HS 385 Behavioral Pharmacology and Human Services. Remove prerequisites.

Item 31.c REHA 216 Introduction to Rehabilitation and Related Services. Change title to Psycho-Social Aspects of Rehabilitation and Addiction and change course description.

Item 31.d HS 485 Suicidal Ideation and Behaviors. Delete course.

Item 31.e REHA 298 Internship. Delete course.

Item 31.f REHA 298 Cooperative Education/Internship. Delete course.

Item 31.g REHA 303 Assistive Technology Applications Across the Lifespan. Delete course.

- Motion by Brian Gurney, seconded by Joseph Bryan to **approve Items 31 through 31.g on first reading.**

Tom Dell, Chair of Rehabilitation & Human Services, stated that the Human Services program has always had a math requirement. This change will add REHA 406 Assessment in Human Service and Addiction Programs as a choice for the math course, since at least half of REHA 406 is focused on statistics. While a student is allowed to count other courses for math, with advisor approval, this will make it easier for students to understand REHA 406 can count in the math requirement.

Dr. Dell noted that the course changes are to clean up some prerequisite headaches for the Rehab program and get rid of courses no longer used. The prerequisite was updated for HS 335 and HS 385.

- Motion carried.

- Motion by Brian Gurney, seconded by Joseph Bryan to **waive second reading of Items 31 through 31.g.**

- Motion carried.

The Committee agreed Item 31 will go to the Senate as an action item, while Items 31.a through 31.g will go as consent items.

Item 15.a BS Major in Chemistry. Modification to an existing program.

- Motion by Brian Gurney, seconded by Joseph Bryan to **approve Item 15.a on first reading.**

It was noted that similar to the Biology program, Chemistry is expanding the electives available to majors.

- Motion carried.

- Motion by Brian Gurney, seconded by Joseph Bryan to **waive second reading of Item 15.a.**

- Motion carried.

The Committee agreed Item 15.a will go to the Senate as an action item.

The meeting adjourned at 5:05 p.m.
